1. Open to all members of USBC. This is a USBC Certified tournament. This tournament will be administered on a recreational pattern. There will be two patterns - one for team and one for doubles and singles.

2. Entries must include all information and full payment utilizing the online tournament portal.

3. Entrants may bowl on multiple teams. To bowl multiple times, you must change at least 1 member of the team. Only two PBA or PWBA members per team (4 member teams).

4. Each entrant may bowl doubles and singles multiple times. To bowl doubles multiple times, you must change partners. All doubles entrants must enter singles each time they bowl. Doubles and singles will be bowled on the same pair of lanes and doubles will be bowled first. A bowler can only cash once in singles. Only one PBA or PWBA member per set of doubles.

5. All events results will be based on the bowler's best score bowled in each event.

6. Substitutions will be allowed up to squad time.

7. Awards and cash prizes will be awarded on a basis of scores plus handicap for team, doubles, singles, and handicap all events. Awards and cash prizes for the women's side team event will be awarded based on scores plus handicap. Awards and cash prizes for the scratch team side event and all events scratch will be awarded on basis on scores you bowl with no handicap.

8. Handicap will be figured on an individual basis at 80% of 240. The max score with handicap will be capped at 300 per game.

9. Entering Average:
   a) The bowler's 2026-2027 highest average with a minimum of 21 games verified by bowl.com.
   b) If no 2026-2027 average, bowlers will use their highest book average from 2025-2026 minimum of 21 games.
   c) If no A or B, bowlers will use a current average of 21 games.
   d) All others will bowl scratch.
   e) It is the bowlers' responsibility to verify the accuracy of their average, whether originally submitted by the bowler or team captain. Failure to use the correct average may disqualify scores if submitted average is lower than the correct average, thereby resulting in more handicap. Prize winnings will be based on the submitted average if it is higher than the correct average.
   f) Corrections in averages can be made up to the completion of the first game bowled in the tournament, or within 48 hours after completion of the series if the tournament manager, prior to the completion of the first game, has given written consent to the bowler authorizing such extension of time to correct their average.
   g) If you only have a challenge or sport average it will be converted to a standard average. For example, a sport average of 190 would convert to a 219 and a challenge average of 190 would convert to a 205.

10. USBC average rule: 319a (2) The 10-pin rule will be enforced. 319a (3) Bowlers are responsible for verifying his/her own average, whether submitted by the bowler, the team captain or others. If the submitted average is lower than required and results in a lower classification or more handicap, the bowler's score is disqualified. If the submitted average is higher than required, prize winnings will be based on the submitted average. In the case of a team of two or more bowlers, the averages will be combined to determine if the correct total is higher or lower than the submitted total. 319a (4) Average corrections can be made up to the end of the bowler's first game of a series. Or, if an extension of time has been granted in writing by tournament management before the end of the first game of a series, the correction can be made within 48 hours after the end of the series. 319c The average of a bowler may be adjusted upward before participation in any event.

If the assigned average is not accepted by the bowler, the entry fee shall be refunded. Unless the tournament rules state otherwise, in a handicap or classified tournament, a bowler who has had his/her average adjusted/rerated in accordance with this rule is required to report all previous assigned average adjustments/rerates, whether the bowler accepted the adjustment/rerate or not, at the time of bowling. The following information must be submitted prior to participation for possible average adjustment/rerate: 1. The name of each tournament in which an average adjustment/rerate was assigned (including date assigned). 2. The adjusted/rerated average. Failure to comply with these provisions is cause for disqualification and forfeiture of entry fees and prize winnings. 319d 1. Within the last 12-month period, anyone who has qualified* for a cash and/or merchandise prize in the position standings prize list in a tournament, including all-events, special features, special prizes and donated prizes, must give tournament management the following information prior to participation for possible average adjustment: a. The name of each tournament in which they have been paid the following prizes, or if not yet paid, in which they have qualified for the prize:1) $300 or more in any event; 2) Total combined prize winnings of $500 or more in any one tournament; 3) Total combined prize winnings of $1000 or more in all tournaments within the last 12 months. b. The amount of the prize. c. The actual score bowled to qualify for the prize. d. The prize position. 2. Failure to comply with these provisions is cause for a forfeiture of entry fees and prize winnings. NOTE: *Qualified is defined as the date and time the tournament officially ended (completion of the last squad or round of competition), or payment of prizes, whichever comes first. All bowlers regardless of average must comply with the provision of Rule 319d. Prize winnings from certified and non-certified tournaments, including those using a modified format of American Tenpins (example: 9 pin tap), must be used in the application of this rule. 319e NOTE: All certified and non-certified scores from the game of American Tenpins must be used in the application of this rule. Unless the tournament rules state otherwise, the following applies in a handicap or classified tournament: 1. The bowler is responsible for keeping a record of the names, dates, scores, and prize winnings in all tournaments entered in the previous 12 months, including those still running. These include all tournament scores bowled in accordance with the game of American Tenpins.2. A bowler shall adjust his/her entering average if, during the 12-month period immediately preceding the time and date of bowling, the bowler's accumulated average for all, but not less than 21 tournament games, exceeds the average to be used for entry by 15 or more pins. In that case, the accumulated average must be used for handicapping or classification purposes. a. A bowler whose tournament scores require an adjustment must submit the adjusted average in writing before the end of the first game in a tournament, unless tournament rules allow such adjustment to be made
within a specified time after bowling. b. Failure to use the adjusted average in accordance with the foregoing is cause for forfeiture of entry fees and prize winnings, and the bowler is subject to suspension of membership in USBC. On appeal or protest, the bowler must promptly supply the record of the names, dates, scores and prizes won — or scores that qualify to win — in all tournaments in which the bowler competed within the previous 12 months. Nothing in this rule supersedes tournament management's authority to adjust the bowler's average higher prior to bowling.

12. In case of a tie for first place in any event, co-champions will be declared and affected prizes and monies will be equally divided. All other ties will result in affected prize money being equally divided.

14. The recap sheet is the official score. Any protests regarding eligibility or general playing rules must be submitted in writing prior to tournament payout. All rules and regulations will be governed by the USBC Rulebook.

15. The tournament manager reserves the right to add or delete squads due to the number of entries or weather conditions.
